## The Strength and Beauty of Family

### Mr. Sandeep Karabhari

The Strength and Beauty of Family  
Within the fabric of life we come across  
A connection genuine, a love so gentle  
and true

A treasure trove of cherished memories  
to uncover  
A safe haven where hearts rediscover  
love.

Family, the cornerstone of our existence  
A guiding light, in ways

With deep rooted bonds that are  
unbreakable

They navigate us when life's path  
becomes unclear.

In their embrace we find solace and  
peace

A refuge from life's ending storms  
Their love acts as armor shielding us  
from behind

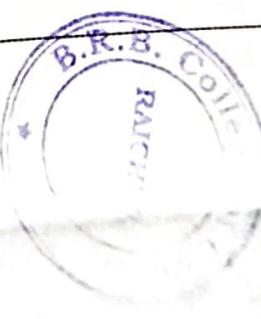

A source of strength that brings comfort.  
Through the trials and tribulations we  
face together

They stand by our side with unwavering  
grace

Their bravery sparks a flame within us  
Inspiring us to rise fight and emerge  
victorious.
